## Adia | Adia 2

**Panchina e panca realizzati da due laterali in fusione di ghisa UNI EN 1561 e da dieci (Adia) o cinque (Adia 2) listelli in legno d'iroko, a sezione differenziata (50x33x1480 e 100x33x1480). I listelli, che subiscono un trattamento conservativo antitarlo per impregnazione, sono fissati con viti in acciaio inox e relativi dadi di bloccaggio. I laterali sono resi solidali tramite un tirante in acciaio UNI EN 10219-1. La panchina è predisposta di zanche di fissaggio, da inserire in appositi plinti di fondazione. La panchina viene consegnata smontata e sarà cura del cliente provvedere alle semplici operazioni di montaggio.**

Park Benches realized with two lateral frames in iron casting UNI EN 1561 and ten (mod. Adia) or five (mod. Adia 2) Iroko wooden laths (differentiated sections 50x33x1480 and 100x33x1480). The laths, impregnated with protective and woodworm-proof fungicides, are fastened by stainless steel screws and relative locknuts. The lateral components are made solid by means of a steel tie UNI EN 10219-1. The bench is provided with fastening feet to be inserted into proper foundation plinths. The bench will be delivered disassembled and the simple assembling operations shall be effected by the customer.

Bancs réalisés par deux supports latéraux en moulage de fonte UNI EN 1561 et par dix (Adia) ou cinq (Adia 2) lisses en bois Iroko à section diversifiée (50x33x1480 et 100x33x1480). Les lisses, imprégnées d'un traitement conservatif antimite, sont fixées par des vis en acier inoxydable et écrous relatifs de blocage. Les supports latéraux sont rendus solides au moyen d'un tirant en acier UNI EN 10219-1. Ces bancs sont pourvus de semelles de fixation, à insérer dans des massifs de fondation spéciaux. Ces bancs sont livrés désassemblés et le client même devra pourvoir aux simples opérations d'assemblage.
