Ameba

Gamma di panchine formate da: laterali in fusione di ghisa UNI EN 1561; ventinove (mod. Ameba) o sedici (mod. Ameba/s) listelli in legno d'iroko trattato con impregnanti a funzione anticrittogamica e antiparassitaria e disponibili in due differenti lunghezze (1500 e 2000 mm); tirante in acciaio per permettere il fissaggio. I listelli possono essere verniciati nel colore richiesto. All'estremità dei laterali in ghisa sono predisposte piastre a forma circolare, predisposte di fori per il fissaggio al terreno tramite fisher. La panchina viene consegnata smontata e sarà cura del cliente provvedere alle semplici operazioni di montaggio.

Range of Park benches made up of: lateral frames in iron casting UNI EN 1561; twenty-nine (mod. Ameba) or sixteen (mod. Ameba/s) Iroko wooden laths, impregnated with protective fungicides, available in two different lengths (1500mm and 2000mm); steel tie to allow fastening. The laths may be painted in the colour requested. Circle-shaped plate at the end of the cast-iron lateral components allow the bench to be fastened to the ground by means of expansion bolts. The bench will be delivered disassembled and the simple assembling operations shall be effected by the customer.

Gamme de bancs composés de: supports latéraux en moulage de fonte UNI EN 1561; vingt-neuf (mod. Ameba) ou seize (mod. Ameba/s) lisses en bois Iroko, imprégnées d'un traitement anticryptogamique et antiparasite et livrables en deux longueurs diverses (1500 et 2000mm); tirant en acier permettant le fixage. Les lisses peuvent être éventuellement vernissées dans la couleur requise. Des semelles d'une forme circulaire placées à l'extrémité des supports latéraux en fonte consentent le fixage au sol moyennant des vis à expansion. Ces bancs sont livrés désassemblés et le client même devra pourvoir aux simples opérations d'assemblage.

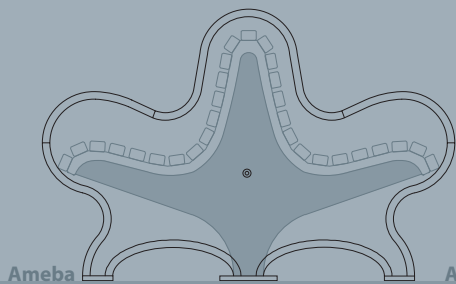

Peso 230 kg (mod. Ameba 1500) | **288 kg** (mod. Ameba 2000)

Peso 125 kg (mod. Ameba-s 1500) | **156 kg** (mod. Ameba-s 2000)
